- All players share the responsibility and are expected to give full cooperation in following the rules of play and in helping to keep play moving.
- Courtesy on and around the course is expected by all players and spectators.
- Please help to maintain our golf course by repairing ball marks on the greens, repair divot marks, rake sand bunkers, and use containers provided for trash. New golfers should learn how to properly use them. Sand and soil mixture is provided on the tees for filling divots. A limited number of seed and soil mix containers are available for mounting on golf carts. The board encourages their use.
- Broken tees left on the tee box can dull the mower blades. Please discard the broken tees in the containers on the tee boxes or in the trash receptacle. Excessive practice shots that tear up the turf will not be tolerated.
- Do not move the tee markers.

- Intentional damage to the greens will not be tolerated. Golfers will be asked to leave if this behavior happens.
- In an effort to provide enjoyment for the whole family, the club welcomes children of all ages and encourages them to learn about the great game of golf. Parents should see that small children are adequately supervised and understand that a golf course is different than a playground. This will help prevent injuries and damage to our greens.
